In real life: Roberta Maddalena

Illustratrice, storyboard artist

Bireau (Roberta Maddalena) vive a Berlino dove lavora come visual storyteller con illustrazione, fine art e filmmaking.

Le sue illustrazioni dai colori accesi, le cui forme spesso prendono ispirazione dal mondo naturale, prediligono la narrazione di storie di relazione e identità femminile e queer e il rapporto tra umanità e natura.

Come illustratrice ha un approccio versatile grazie a un forte background in visual design. Collabora infatti con agenzie pubblicitarie, case di moda, studi di design e architettura, case editrici, etichette discografiche e case di produzione cinematografica, occupandosi di tutto ciò che riguarda l'immagine disegnata: illustrazione, murales, live drawing per video, storyboard art, concept art e graphic props.

Il suo portfolio è caratterizzato da collaborazioni internazionali, tra cui: Campari, Cosentino, Disney, Facebook, Internazionale, Just Cavalli, Mixmag, Pitti Immagine, Salone del Mobile, Sony Music, Unilever, Universal, Wired.
